Please carefully review your ad, paying special attention to the following:

- Is any of the copy cut off in the fields? **LOOK CLOSELY**, we can't fix it once the presses roll! Now's the time to catch it.

Also, check these:

- Does your logo look good?
- Do your product images look good? You may need to crop and re-upload.
- Are there any typos?

Please note: we are experimenting this year with personalized URLs. The URL format above is subject to change in the course of final user testing and programming.
